

Insects trap ideal for indoor use. Safe and strong as the Insectivoro range, it comes with only 35W of total power: lower consumption for the best domestic pest control strategy. It can be placed on furniture, on the ground or hung on the wall.

STRUCTURE

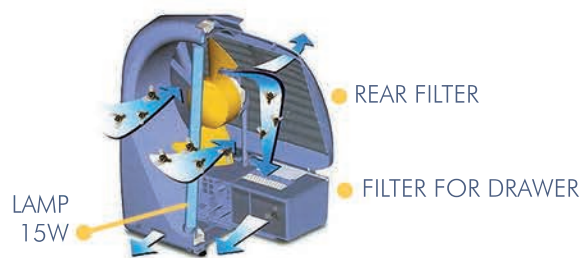

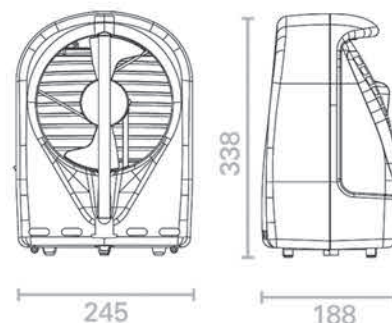

The structure is in polypropylene. Kyoto comes with an extra protection for domestic applications.

LAMPS

Equipped with an actinic 15W UV-A lamp with irradiation of 8-10 meters.

SAFETY AND CLEANING

Approved by IMQ and designed to grant maximum comfort, silence and safety.

PATENTED DRAWER

TECHNICAL FEATURES	396A
Structure	PP
Size (mm)	245x190x340 mm (H)
Weight	1,9 kg
Voltage	230V/50Hz
UV-A lamps	35W
Lamp life	1x15 W
Motor speed	5000 h
Insulation class	900 rpm
Total consumption	II
SPARE LAMP	0415
